THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

If you have any questions about this Privacy Notice, please contact our Privacy Officer at 740-300-0225.

I. Introduction

This Notice of Privacy Practices describes how we may use and disclose your protected health information to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. This Notice also describes your rights regarding health information we maintain about you and a brief description of how you may exercise these rights. This Notice further states the obligations we have to protect your health information.

“Protected health information” means health information (including identifying information about you) we have collected from you or received from your health care providers, health plans, your employer, or a health care clearinghouse. It may include information about your past, present or future physical or mental health or condition, the provision of your health care, and payment for your health care services.

We are required by law to maintain the privacy of your health information and to provide you with this notice of our legal duties and privacy practices with respect to your health information. We are also required to comply with the terms of our current Notice of Privacy Practices.

II. How We Will Use and Disclose Your Health Information

We will use and disclose your health information as described in each category listed below. For each category, we will explain what we mean in general, but not describe all specific uses or disclosures of health information.

A. Uses and Disclosures for Treatment, Payment and Operations

1. For Treatment.

We will use and disclose your health information without your authorization to provide your health care and any related services. We will also use and disclose your health information to coordinate and manage your health care and related services. For example, we may need to disclose information to a case manager who is responsible for coordinating your care.

We may also disclose your health information among our clinicians and other staff (including clinicians other than your therapist or principal clinician), who work at Integrated Services. For example, our staff may discuss your care at a case conference.

In addition, we may disclose your health information without your authorization to another health care provider (e.g., your primary care physician or a laboratory) working outside of Integrated Services for purposes of your treatment.

2. For Payment.

We may provide health information about you to someone who helps pay for your care. We may use or disclose your health information without your authorization so that the treatment and services you receive are billed to, and

payment is collected from, your health plan, policy holder, or other third-party payer. By way of example, we may disclose your health information to permit your health plan to take certain actions before your health plan approves or pays for your services. These actions may include:

- making a determination of eligibility or coverage for health insurance.
- reviewing your services to determine if they were medically necessary.
- reviewing your services to determine if they were appropriately authorized or certified in advance of your care; or
- reviewing your services for purposes of utilization review, to ensure the appropriateness of your care, or to justify the charges for your care.

For example, your health plan may ask us to share your health information in order to determine if the plan will approve additional visits to your therapist.

We may also disclose your health information to another health care provider so that provider can bill you for services they provided to you, for example an ambulance service that transported you to the hospital.

3. For Health Care Operations.

We may use and disclose health information about you without your authorization for our health care operations. These uses and disclosures are necessary to run our organization and make sure that our consumers receive quality care. These activities may include, by way of example, quality assessment and improvement, reviewing the performance or qualifications of our clinicians, training students in clinical activities, licensing, accreditation, business planning and development, and general administrative activities. We may combine health information of many of our consumers to decide what additional services we should offer, what services are no longer needed, and whether certain treatments are effective.

We participate in one or more Health Information Exchanges. Your healthcare providers can use this electronic network to securely provide access to your health records for a better picture of your health needs. We and other healthcare providers, may allow access to your health information through the Health Information Exchange for treatment, payment or other healthcare operations. This is a voluntary agreement. You may opt-out at any time by notifying the Privacy Officer in writing at 1950 Mt. St. Marys Drive, Nelsonville, Ohio 45764.

We may also provide your health information to other health care providers or to your health plan to assist them in performing certain of their own health care operations. We will do so only if you have or have had a relationship with the other provider or health plan. For example, we may provide information about you to your health plan to assist them in their quality assurance activities.

We may also use and disclose your health information to contact you to remind you of your appointment.

Finally, we may use and disclose your health information to inform you about possible treatment options or alternatives that may be of interest to you.

4. Health-Related Benefits and Services.

We may use and disclose health information to tell you about health-related benefits or services that may be of interest to you. If you do not want us to provide you with information about health-related benefits or services, you

If you do not wish to prepare a written statement of disagreement, you may ask that the requested amendment and our denial be attached to all future disclosures of the health information that is the subject of your request.

If you choose to submit a written statement of disagreement, we have the right to prepare a written rebuttal to your statement of disagreement. In this case, we will attach the written request and the rebuttal (as well as the original request and denial) to all future disclosures of the health information that is the subject of your request.
